## OUTDOOR GLUE

### GOLD INDOOR/OUTDOOR STONE ADHESIVE

Gold is very light / white (pearlescent) in color making it ideal for invisible joints, especially on light/white colored stones. Perfect for seaming, laminating and chip repair on all types of natural and engineered stone. It is cured with only 1%-2% white paste hardener (BPO). This cutting edge resin technology even outperforms epoxy systems by curing in less than 20 minutes. Works Indoors AND Outdoors! Includes Hardener.
